Albury High School

Code of Conduct - extra-curricula activities

TRADITION, INNOVATION & EXCELLENCE

Albury High School has a long tradition of success in sport and fostering individual students’ participation in cultural events and the performing arts. We also have an extensive excursion program including overseas trips. To facilitate this, staff spend a lot of their own time coaching, coordinating and organising students. This is done freely and with good will.

As a school we reserve the right to select students to represent the school based on their individual needs, performance in trials if required for events and acceptance of the school’s code of behaviour. If staff are taking students away, they should be able to trust that students will represent themselves and the school in the tradition to which we are accustomed. A student will not be selected for a team, event or excursion if they are on stage 3 of our welfare system as per our welfare and discipline policies. In addition to this, students may not be selected for a team, individual event or excursion if they fail to meet the student code of conduct or until they can demonstrate that they are willing to abide by it.

Students who intend to seek representation for Riverina and CHS teams need to make a commitment to school teams. While every effort is made to give all students an active role in representative events; at the higher levels of competition, teams on the day are selected to maximise success.
